About the Consultancy Done Differently

Who Are We

Consultancy Done Differently (CDD) is committed to serving the North Queensland region with a passion for innovation. CDD provides business services that are tailored to the individual needs of clients, including: finance and taxation consultancy, quality management systems, marketing communications support and more.

With over 30 years of experience in Australia's public and private sectors, Raymond has extensive knowledge working within government, not-for-profit organisations, manufacturing industries, hospitality businesses and educational institutions. He can offer a range of skills including project management or financial analysis.
